## Florida Sugar Cane Faces Third Acreage Cut In 13 Years

The Florida sugar industry, for the third time since 1965, faces a drastic sugar cane acreage cut unless Congress raises the sugar marketing quota this year, according to a statement released by H. T. Vaughn, Sr., President of the Florida Sugar Cane League.

Under present marketing regulations the eight raw sugar processing companies in Florida will receive a combined quota of about 600,000 tons of sugar this year. According to Vaughn, this size quota would only be about 64 percent of the state's 717,000 ton production from the crop just harvested.

"Because of the totally inadequate quota, in addition to being forced to store a large portion of the 1967-68 crop until 1969, not one pound of 1968 crop sugar can be sold until 1969," he said. As a result, farmers will be forced to reduce their acreage again. The total acreage cut may result in a 20 percent cut in the state's sugar cane growers being reduced to 40 percent below normal.

## Junk Cars Still A Nuisance Here

Sometimes "monkey see, monkey do" isn't such a bad thing if it helps solve a worthwhile problem. Here it is how a situation Belle Glade has is expected to be handled in a city hall at large:

### IF YOU ABANDON CARS HERE, IT WILL COST YOU

Sebring is expected to enact an ordinance shortly prohibiting the parking of abandoned or non-operative vehicles on streets or private property.

The law provides that no abandoned or non-operative vehicle can remain on public or private property for more than 72 hours. Owners or persons permitting such vehicles can be fined \$500 or six months in jail or both. In event the city has to remove the vehicles, the owner may be charged with costs.

## "Gator's Tale" Makes Debut

"The Gator's Tale," the first yearbook of the Day School of the Glades, made its debut at an assembly program Friday, May 31st. Hal Urwin was introduced as he was the winner in the name contest for the annual. The front cover displayed the crest of the school which was originated and drawn by Bryan Cross and Randy Davidson.

Beverly Hill gave the dedication speech and presented Mr. T. E. Burgess with the first yearbook as THE GATOR'S TALE was dedicated to him, the school's friend.

Mr. William A. Thibault, a Junior High teacher, was given the second annual, since the had been chosen the teacher of the year.

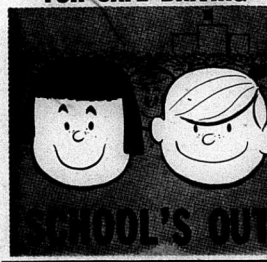

The ninth grade class composed the annual staff with Sue Gilbert and Beverly Hill the co-editors. Ted Burgess and Gibbs Wilkinson were the co-business managers. The faculty sponsor was Mrs. Thibault.

## L. W. Thompson Pahoek Pioneer Died At Age 90

Mr. Lewis Whitfield Thompson, 90, of 297 Annona Ave., Pahoek died Monday at Lake Worth. He was a retired farmer and a native of Georgia, coming to Pahoek from Swainboro in 1924. He was a member of the Methodist Church.

Survivors include two sons, Ray of Pahoek and Melrose of Belle Glade. Three daughters, Mrs. Earline Cone, Belle Glade and Mrs. Marie Kincaid and Mrs. Frances Murphy, both of Pahoek. 10 grandchildren and 14 great grandchildren.

## Market Report

Prices were a little uneasily at Monday's market with slaughter cows off about \$1.00 and light slaughter calves off \$5.00. Stocker steers were \$5.00 to \$10.00 higher, stocker heifers \$5.00 higher and stocker heifer calves off about \$25 to 50.

A total of 440 head were sold with 10% to slaughter and 90% to stockers.

Ninety head of steers and heifers yearlings, 42 head of bred stock and 18 pairs are expected next week, says Steve C. Clumens, Manager, Glades Livestock Market.

## Mother Snake Stirs Interest At Gove Elementary School

Mrs. Carolyn Eason's third grade class at Gove Elementary School has an unusual pet in their classroom this week: A Chicken Snake with at last count 18 baby snakes.

Mrs. Carolyn Eason's third grade class at Gove Elementary School has an unusual pet in their classroom this week: A Chicken Snake with at last count 18 baby snakes.

The snake was made a captive when found in the yard of V. J. Zawadzki on Wedgworth Road and their son, 8, brought the reptile to school for the other children to see.

That was two weeks ago. Monday morning, as if waiting for class to take in, the snake suddenly made herself conspicuous as a mother, by having babies.

When asked what kind of snake it was, Mrs. Eason said, "It is a Chicken Snake, so they say, I'm no authority on the snake, because its mother 'hired her'." She concluded by saying the snake gave her "goose bumps."

Of course, all the students, think that the new addition is just "peachy keen," as one youngster remarked. During the day each class at the school trooped by the aquarium tank to view the new mother and her brood.

Joe said he is going to take the snakes home at the end of the week, because his mother "hired her." Mrs. Zawadzki, a fifth grade teacher at the school was not available for comment.

## Committee Wants End To Aid For All Communist Countries

The men selected to head the TRAIN Committee in Palm Beach County are shown discussing their plans with the National Director of TRAIN, Mr. Wallis Wood (R). They are: (C) J. M. Morris, Chairman, and (L) Dr. John R. Earmann, Vice-Chairman. The organizational meeting was in the home of Dr. Earmann.

More than forty-five local citizens, including state senators and representatives, have formed the TRAIN Committee of Palm Beach County to emphasize their demands that the United States win the war in Vietnam and stop all aid to our Communist enemies, Mr. J. M. Morris, the group's chairman, announced last night.

The TRAIN Committee — To Restore American Independence Now — is circulating petitions to Congress asking all Senators and Representatives to exert their authority and influence "To have this Administration stop, promptly and completely, giving aid in any form, directly or indirectly to our Communist foes."

This petition lists supporting information and documentation under five headings: (1) We are at war; (2) Our enemy is the total Communist bloc of nations; (3) At least eighty percent of the sinews of war are being provided North Vietnam by Soviet Russia and its Communist satellites; (4) This help has been made possible by our assistance to the Soviet Union and Her satellites; (5) And "none dare call it treason."

We do not call it treason," Mr. Morris told this reporter. "But whatever the intention may be, the net result of the Administration's policies is to supply the Communists with the means to kill our sons."

Mr. Morris said the Committee asks: "Why fight the Communists in Vietnam and

at the hands of a war machine that is in large part fed and equipped by our own government. And we are sure the American people want this ended now."

Mr. Morris said the Committee asks: "Why fight the Communists in Vietnam and

help them everywhere else in the world, through aid and trade. The tragic result is that the American taxpayer is forced to foot the bill for both sides of the war. This petition campaign will give them a chance to let the Administration know they oppose this policy."

More than 200 petitions, containing 4000 signatures, have already been sent to Washington by this Committee. "This is part of a nationwide movement which is quickly becoming the most massive

## Blue Decals Remind Of Car Inspections

TALLAHASSEE — Blue inspection stickers in the lower left hand corner of windshield should remind motorists to check their vehicle inspection month the Florida Highway Patrol said today.

It is N. Kirkman, Director of the Department of Public Safety said, "Semi-annual motor vehicle inspection, is underway and blue stickers are beginning to appear on windshields. The decals show a V, which has passed inspection, and should serve as a reminder to other Florida motorists to check their new license plate to determine their inspection month."

If the last digit of the new tag is four or five the car must be inspected in June, six or seven in July, eight or nine in August, zero or one in September, two or three in October and special tags in November.

Vehicles must be inspected at least every 12 months but may be checked anytime before their scheduled inspection month. Cars displaying a tag brought into the state must be inspected within ten days after being registered in Florida.

## Glades Resident Head Of County Inspection Prog.

A 15-year resident of the Glades area has been hired as supervisor of the county's vehicle inspection program for the Glades. It was announced today by County Commissioner E. W. (Bud) Weaver. A temporary station will open at the county building.

Victor J. Zawadzki of 1033 Wedgworth Road, Belle Glade, has assumed his duties at the station.

The inspections began June 3 for motorists whose license tags for 1968-69 end in the numbers 4 or 5. Other inspections will be conducted July through November in the first stage of the semi-annual check-up of registered vehicles in the county.

Formerly employed by the Blue Goose Inc., firm, headquartered at Fort Pierce, and the Ailes Company of Florida, a company in Belle Glade, Zawadzki was born in New York City in 1931. He was educated in New York schools and currently is studying at Palm Beach Junior College at night classes.

He served in the Navy from 1948 to 1952. Married, he is the father of five children.

Other appointments have been made recently. John Thornburn of Boynton Beach will be supervisor of Motor Vehicle Inspection Station 3 at Lantana Airport; Raymond G. Lucas of Boynton Beach, Station 4 at Delray Beach; Curtis Goddard Jr., of West Palm Beach, Station 2 in West Palm Beach; and William C. Vellman of Riviera Beach, Station 1, opening in North Palm Beach. All stations are open on a temporary basis, pending completion of permanent facilities later this summer.

LINDA LEE BROWNING

### Engagement Announced Today

Mr. and Mrs. Edward Huie Browning of Belle Glade, announced the engagement of their daughter, Linda Lee, to Jerry Robert Lahr, son of Mr. and Mrs. Jerry Lahr of Pompano Beach, Florida.

The bride-elect was graduated from Raines City High School, Haines City and is attending Florida Southern College, Lakeland.

Mr. Lahr was graduated from Pompano Beach High School, Pompano Beach, Florida. He is a graduate of Palm Beach Junior College, West Palm Beach and Florida Atlantic University, Boca Raton.

He was President of Sigma Epsilon Mu and is a member of Phi Theta Kappa, both honor fraternities.

The new technique in freezing certain foods, liquid nitrogen freezing is proving helpful in freezing some of the more difficult fruits such as the fragile raspberry, avocado, papaya, other tropical fruits and even meat slices are examples of products we may soon enjoy because of ultra-fast freezing.

### June BPW Meeting

The regular meeting of the Belle Glade Business and Professional Women's Club will be held during the coming week, June 8 and 9th at the cottage of Mrs. Orestia Kirchman on Fishating Creek near Palmdale.

Reservations should be made at once by contacting Natalie Nachman, Pat Sheppard, Eva Kruse or Mrs. Kirchman. This will include a weekend of business and pleasure.

Joe Luis Larrondo arrived this week from Rutgers University in New Jersey to spend the summer with his parents, Mr. and Mrs. Joe Larrondo and his three sisters Marie, Rosa and Serafin Larrondo.

### Nancy Stratton Receives On The Job Training

ASTORIA, Ore. — Nancy G. Stratton, 141 N.W. Avenue F Place, Belle Glade, is receiving on-the-job training at Sacred Heart Hospital, Eugene, Oregon, after completing a course in health aide occupations at Tongue Point Job Corps center.

The off-center training provides practice of the skills learned in the Job Corps, for a two-to-four-week period under actual employment conditions, prior to graduation from the center.

Corporation engaged in the extension training program draw no compensation from their employers but receive their regular Job Corps pay and allowances, and the center provides housing arrangements. At the conclusion of the training period they return to Tongue Point with an evaluation of their performance and may either be given additional schooling or graduated.

Most of the graduates return to their home areas to seek employment.

### Miss Blumenthal Made Dean's List

Janice Blumenthal, 1967 graduate of BGHS made the Dean's list at Sophie Newcomb College of Tulane University in New Orleans, Louisiana.

During her freshman year at Newcomb, Janice worked on the Jambalaya, Tulane yearbook. She also was initiated into Sigma Delta Tau sorority. At the Spring formal she and her sorority big sister were awarded the scholarship trophy for the highest combined high school average for the fall semester.

At this time, Janice is planning to major in either biology or psychology and to later attend medical school. She is vacationing in Belle Glade until mid-July when she will return to summer school at Tulane.

### Pat Fisher Chosen Miss Coast Guard

Former Belle Glade girl, Miss Pat Fisher of Lake Worth was recently selected Miss Coast Guard for Palm Beach County, during Armed Forces Week. She will represent the Coast Guard in various functions throughout the year.

Miss Fisher recently won the evening gown award, when she was in the Miss Palm Beach County Contest. She will continue her education at Florida Atlantic University in the fall, majoring in education.

Mr. and Mrs. Charles L. Daugherty and son, Craig Lee of Brockton, Massachusetts were recent visitors of Mr. Daugherty's parents, Mr. and Mrs. Donald W. Daugherty of S.E. 4th St.

### MISS SHEILA TODD Engagement Announced

Mr. and Mrs. Roland Todd, Sr. of Pahokee announce the engagement and approaching marriage of their daughter, Sheila to Donald Clifford Lance of Belle Glade.

### THE COLOR CORNER BY MARTHA BRANDT

It's no coincidence that this long view in color as never before. If there's a man on your shopping list, here are a few tips on color in men's clothes, courtesy of the Textile Dry Institute:

1. Shirts: Turtleneck, button-down or no collar at all, shirts are more colorful than ever. If the man on your list is slim and trim, he can get away with horizontal stripes on turtlenecks (if he's not trim, better rule this style out anyway).
2. Most any man of any size appreciates the change in pace of more colorful shirts in his everyday wardrobe. Colors are more subtle as well as more varied — thanks to the work of the dyestuff industry.
3. Ties: Ties? That doesn't mean that you've lost a set, but that you can now play on some of the best courts in the world in colored ties. Pastel blues and yellows with striped trim are being seen at some of the best clubs (of course, shorts and shirts must match).
4. Color is part: One of the most colorful spots in sports is at all places the golf course. Championship golfers have made their golfing clothes famous and now even those who think "fart" comes after three can wear any color. Bright bright yellows and other bright shades are the most popular. They are also the most visible which has a protective factor as well as an aesthetic one: a man in bright yellow is a lot easier to hit with a golf club than a man in red.

### De Interes En Belle Glade

En Miami, durante las Cere-monias de Memorial Day, un líder Cubano en el exilio, el Sr. Manolo Reyes, presento una Bandera Cubana, a los Vetera-nos en la Florida de los 105 Rough Riders de Teddy Roose-velt, que ayudaron a obtener la libertad de Cuba, de España en 1898. Fueron 15 veteranos del Spanish American War, en las ceremonias de Memorial Day en el Cementerio de Miami.

Manolo Reyes les dirigió estas palabras: "Esto es lo más precioso que tenemos los Cubanos. Una bandera cubana por una cruel tiranía. En la Bandera de las Estrellas y Franjas para que el mundo sepa que nuestras naciones están unidas."

Reyes brindó homenaje a cuatro pilotos de los Estados Unidos que fallecieron durante la Invasión de Bay of Pigs en 1961.

"Ellos como ustedes fueron a Cuba para quitar una cruel tiranía."

"Hoy somos testigos que Cuba de nuevo esta subyugada por una cruel tiranía. En la tiranía Castro-Comunista que ha ejecutado mas de 8,000 Cu-banos, y tienen mas de 80,000 prisioneros politicos, habiendo forzado al exilio medio millon de Cubanos."

## Paramedics Wins Club Of The Year

Congratulations go to the Paramedics Club for being chosen Club of the Year. This is an honor bestowed on the most active club each year by the Student Council. The Club president is Jill Bowen and the club's sponsor is Mrs. Hazel Litchfield.

Paramedics is a club opened to all girls interested in entering a medical career. Among its projects for the year were decorating Christmas trees for the children's ward at the hospital, sponsoring the Little Mr. Belle Glade contest, and decorating the halls for football season.

Two of the club's representatives were elected to state offices and will serve their term next year. To bring the year to a close the club held its annual Spring Banquet at Glades General Hospital. Gifts were presented to Mrs. Koran, Mrs. Litchfield, and to the staff for their assistance given to the club throughout the year.

## Academy of '68 Presents Awards

Excitement and tenseness filled the air last Friday at the Belle Glade Academy Awards. At eight o'clock the girls were filled with color as the Academy presented themselves in formal attire.

It was a night to remember as the members of the Academy acted out short skits. Master of Ceremonies Dick Hooker made introductions, and Principal Pelton Morris gave out awards.

To climax the awards presentation, it was announced that Kathryn Smith and Johnny Williams had been awarded the Citizenship Award and that Patty Stevenson and Mark Whittemore had been chosen by the faculty as "Best All Around." Surprise and joy filled each one of them as they realized the confidence that had been placed in each one of them.

high quality in certain fields. Receiving the General Excellence Awards were: English—Barbara Dexter, History—Richard McMillan, Mathematics—Maria Iglesias, Science—Marilyn Shaw, Agriculture—Steve Butler, Home Economics—Kathy Morris, Business Education—Joyce Bradow, Glee Club—Marilyn Stokes, Band—Bill Phillips, DCT—Anita Cardin, Art—Layne Plunkett, Journalism—Dick Hooker, and Honorary Science—Enrique Tomeu. Other awards were given in recognition of scholarship and special talents.

As event followed event every one was filled with the memories of the things that had happened to each one of them while they were in school. When the class song, "Al Di La," was sung the memories of proms and the wonderful things passed by quickly in our minds. As the evening ended with the Alma Mater, the seniors knew that they would be remembering, yet leaving.

## Go My Children

I send you, my children to go—Not in search of riches. But rather in search of freedom.

Freedom not only of the body. Freedom not only to come and go. But the freedom to express ideas.

Go and look my children. For a place of freedom that knows no boundaries. Where time is not split into seconds and hours. And people are not divided because of archaic prejudices.

Go and look, my children, for Heaven.

Linda Richey as Shirley Temple in Charlie Chaplin skit.

## President of the Week

Buddy Wilder is the Junior Class President and an outstanding member of the student body.

He has played football for two years. One year "B" team, one year varsity. Buddy played the position of tailback and halfback for the Golden Rams. He has also run track for the past two years.

In Buddy's Freshman year he was elected President of his class and rode the float in the Sophomore year in the football festival. He has been in F.F.A. for the past three years, and holds the office of Vice President along with the student council representative.

Buddy plans to attend college after graduation at Gainesville and later go to I.B.M. school.

His interest all sports, cars, swimming, skiing and a certain "senior" girl. He hopes to have a lot of fun his senior year and plans to make the most of his last year of school. I guess you

You have one last night to perform as a group and then each one of you will go your separate way. Because you are a part of all that you have met, you are linked together in a bond called Class of 1968. Some are weak, some are strong, some are lazy and some are energetic. But all of you have taken and given to make you what you will be tomorrow night.

As you walk down that aisle in your gown and mortarboard, stand high, stand proud and stand sure—for each of you has been given a priceless opportunity to study, learn, play and work with others as your- self. You are the largest Class to graduate from Belle Glade Senior High. Largest in number! Yes, but you are also a Class that can match quality for quality on any scale.

Good-bye and thanks for warm memories as your advisor.

## Club News

Student Council presented the last assembly program of the year Friday, President Andy Ballard presided and began the program with the flag salute and the singing of the Alma Mater. The students were led in singing by the Senior Class officers: Julio Perez, Mark Whittemore, Terry Mann and Margaret Thompson.

Andy explained the program was to recognize certain students who had been outstanding in their activities throughout the 1967-68 school year. Mrs. Hazel Litchfield gave the first awards for excellence in Homemaker. These went to Alice Halbrook, Sue Griffin and Kathy Morris. Next on the program was Miss Vida Hartke who presented Steve Lowry with an award for being the most outstanding student in the field of mathematics. Steve is a junior and was honored for making the highest grade on a national math test.

Mrs. Margaret Earwood next, presented an award to Judy Seaser for her exceptional work and contributions to the Art Club. Mrs. Earwood explained this was a small group who must maintain a B average in Art. Judy is a junior and

has been responsible for the many attractive posters around school. She also is the President-Elect for the Art Club. Andy then introduced Dick Hooker who is President of the Beta Club. Each year, the club recognizes the junior and sophomore who has achieved excellence in scholarship by having the highest average in his class. This year the certificates and checks for \$5 went to Chip Kaufman—Junior Class and James Redolce—Sophomore Class.

The program ended with Senior Class President, Julio Perez turning senior's rights and privileges over to the Junior Class President, Buddy Wilder. At this point, the seniors vacated (?) their seats and left them for the upcoming seniors.

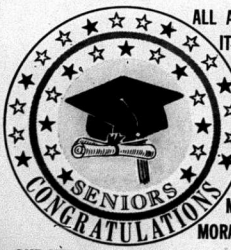

At this important time of your life, we'd like to add our own personal Congratulations and Good Wishes to you. We hope that your future hopes and ambitions will be crowned with success and fulfillment, and that your life will always be filled with Good Health and Happiness. Congratulations from all of us!

## Book Review

Everywhere we go today we have ceased to be entertained. The movies and books, *Planet of the Apes*, *In Cold Blood*, *Guess Who's Coming to Dinner*, *Valley of the Dolls*, and others have challenged us to THINK. The latest book and soon to be a movie that is making us think is *Rosemary's Baby* by Ira Levin.

Does modern witchcraft exist? This book almost makes one believe it does! It begins simply enough with a young married couple living in an exclusive apartment house in New York, but with Rosemary's strange pregnancy the story takes on new meaning in which you ask yourself "Why?" Just when you are getting excited Ira Levin tries to again make one think all is normal. It is then one is struck with a surprise ending which leaves one questioning their society and the emotions of humans.

The entire book is different from anything you have ever read, but it does follow the THINK trend which has been set this year.

# Headstart Program For Glades Center Starts June 17

A revised and abbreviated Head Start program for approximately 1450 culturally deprived Palm Beach County children will begin at 10 school centers through Palm Beach County, 4 of which are in the Glades, June 17 and conclude August 5, it is announced by County Superintendent Robert W. Fulton.

Glades area centers and feeder schools are: 1. Gove Elementary — Glade View Elementary — East Lake, Everglades, 2. Fallowe Elementary — East Lake, Everglades,

North Ridge and Canal Point Elementary; 3. Belle Glade Elementary — Ocoee and Lake Shore Elementary; 4. South Bay Elementary and Roseland Elementary.

Curriculum and administrative plans for this year's program had been almost parallel with the 1967 program. However, Federal authorities in the Office of Economic Opportunity had cut the budget request by approximately \$46,000.

**PROGRAM WAS CRIPPED**

Arrangement with the Federal authorities for the Government's share of funding the Head Start program is negotiated by the non-school Palm Beach County Community Action Council (C.A.C.) which, in turn, contracts with the county's public school system to organize and administer the summer kindergarten-type program.

When C.A.C. recently notified the county school system of the O.E.O. cut of approximately \$46,000, school officials immediately noted that Head Start program might be "unworkable" NOT merely because of the size of the budget cut, but because of the areas in which the cuts had been made — notably, medical, nursing, and transportation. The cost of children's meals had also been cut a dime per child per day. Federal funds for classroom and office supplies

were also among items cut by O.E.O. On the other hand, the O.E.O. had added \$22,000 to the school health part of the program, to the surprise of C.A.C. and school officials.

**PROGRAM SALVAGED**

Thanks to additional assistance from the county public health authorities, and O.E.O. approval to transfer some of the additional and unsought dental funds, the 1968 Head Start program has been salvaged in part.

Superintendent Fulton has now sent a letter to all elementary principals telling them:

"It now appears a Head Start program will be operated by the school system this summer. It will be lacking some of the services provided by programs in the past, but salaries will be less than previous years, and teachers will be required to assume more administrative responsibilities. In spite of the curtailment of the program, it is anticipated that most of the function will be accomplished by the major program objectives."

**CUT FROM 8 TO 7 WEEKS**

1. Abbreviating the program from eight to seven weeks. This lightens the overall cost of meals, transportation and other services.

2. A supplementary fund "in excess of \$4000" being made available to the Palm Beach County Health Department to make possible the essential medical and nursing services; 3. An across the board reduction in teacher salaries from \$500 per month to \$475 per month (for the abbreviated seven weeks program);

4. A cutback in the number of workers originally sought from 10 to one. School workers in today's school systems combine many of the duties of welfare and former transit officers, seeking the reasons

behind absenteeism and cooperating and advising with parents and guardians.

**FUND TRANSFERS NEEDED NEGOTIATING**

Officials of the county public health system and the area's A.C.C. successfully negotiated over a period of several weeks, the above reported special authority to transfer certain funds in the total O.E.O. allocation of approximately \$291,000 to make possible transportation and other essential services for the program. This reference to a transfer of funds has particular reference to a revised use of the original Federal grant of an additional \$22,000 for new and unplanned dental services.

**Johnson Urges Grads To Register With State Employment Service**

Florida high school juniors graduates looking for their first jobs may encounter difficulty in entering fields of work requiring specialized or advanced training.

In an open letter to the graduating classes of June, 1968, T. W. Johnson, chairman of the Florida Industrial Commission (FIC), advised Florida high school seniors to inquire into the apprenticeship training and on-the-job training programs which cover a wide range of occupational fields.

For young men, the FIC chairman said, there are unlimited career opportunities in the many new occupations created by technological progress.

In his letter, the FIC chairman invited all graduates who plan to go directly into the business world to register for work at the nearest Florida State Employment Service office.

There is no charge for the service rendered by the Florida State Employment Service.

## Army Engineers Set Hurricane Season Training Session

and drowned more than 2,500 people, when the dikes failed.

Since that time the U. S. Corps of Engineers and the State of Florida have constructed massive dikes around the lake, built pumping stations and canals which have tamed the 730-square mile lake. People now live in the shadows of the huge levees without fear of danger, but in order to keep it safe, certain emergency actions must be taken by the Army Engineers during tropical storms.

"We want to make certain that every man knows exactly where to go and what he is responsible for doing in a real hurricane situation," Wiesnfeld said.

Since equipment was not moved in the one-day training session, some of the actions were a paper exercise. Wiesnfeld said. Team members, however, were given problems based on conditions which actually existed in a real storm, and they worked out the problems on paper.

The hurricane season extends from June 1 through the end of November.

Ancient characteristics of the shark include slits instead of movable gill coverings and a tough skin dotted with tiny denticles, says Bill Gray of the Miami Seaquarium.

Emergency two-way radio communications were checked just as they would be in a hurricane situation.

Hurricanes of 1926 and 1928 swept across Lake Okechobee.

## "Treasure Isle"

Has It's Ups

And Downs

"Treasure Isle," the exciting daytime fun and game television program, is produced between the Colonnades Hotel and the Atlantic Ocean in Palm Beach Shores, Fla. The show recently took on a new wrinkle when over \$20,000 worth of prizes were put on the island for one homemaker winning a Contest. Many of the larger prizes had to be put on the island with a crane and one of the prizes was an automobile. When the auto was hoisted high in the air by the crane it was early in the morning and it went by many windows of the hotel. One hotel resident was just waking up and happened to look out his window just in time to see a "flying" convertible. What a way to start a day.

It took 112 programs but it finally happened. On the 112th "Treasure Isle" television program taping the wrong clues were put on the flags that the couples race to when they try and solve the giant jigsaw puzzle. The clues for the 113th show were put in the flags including the actual name of the person the riddle spelled out. Each team used all three clues and then went to the last flag to find out the answer. In each number four flag the name of Harry Truman appeared but it should have been Elvis Presley.

The first girl to reach the bell yelled out Harry Truman and host John Bartholomew Tucker yelled, "Wrong." Then moments later the second girl gave Truman's name again and Tucker couldn't describe the puzzled look that came over JBT's face as he yelled wrong again. The missup was corrected as the right clues were put in the flags and that portion of the program was redone. Moments later a stagehand fell off one of the portable bridges into the man-made lagoon. Some days it just doesn't pay to get up.

# Fight Women's "Suffrage Vote For Office Safety

Slipping on a paper clip isn't as spectacular as being thrown through the ring ropes. But office girls can sometimes wind up with more serious injuries than women wrestlers.

lers. So reports Aetna Life & Casualty, whose engineers develop safety programs for many of the nation's businesses. In one case from the insurance company's files, a secretary spent 27 weeks at home with a fractured leg after tripping over her office telephone wire. In another instance, a file clerk hurt her wrist so badly handling a bulky folder

that she had to undergo surgery.

Safety at the office is important for a growing number of American women. Of the nation's 25 million women workers, one out of three is employed in business offices.

Aetna's engineers find four principal causes of office accidents: unnecessary haste, poor housekeeping, unsafe handling, and misuse of office machines. To help make the office a safer place to work, Aetna offers these tips:

1. Walk, don't run. Haste takes its greatest toll at the end of the working day. In hurrying to leave the building, you can experience a serious fall on a surface that is perfectly safe. You also can be injured rushing around corners, past doorways, on stairs or in corridors, or while pushing or crowding at elevator entrances.

## NOTICE

Notice is hereby given that it is the intention of the Central and Southern Florida Flood Control District to offer for sealed bid, a lease of the hereinafter described lands. ## Record Number Of Seniors Graduated In County-Friday

Palm Beach County's 15 senior high schools will this year graduate an estimated record 3170 seniors, it is announced by County Superintendent Robert W. Fulton. This compares with the 2983 graduated last year, and only 1067 graduated 10 years ago, June, 1958.

This 3170 total updates estimates issued earlier this month by county school officials.

All graduation ceremonies will take place Friday evening, June 7, except those for Boca Raton High School students where they will be held Saturday evening, June 8.

Graduation exercises will be held here at the Belle Glade and South Bay. Riders from all over South Florida will compete in the one-day event for the \$100 prize money. Riders here can accumulate points toward "Top Rider" award for the state given at the end of each year of racing.

The first of twelve races will begin at 1 p. m., and one of the races will be for beginners.

In 1882, Hamilton Dismont bought four million acres of the Florida Everglades for 25 cents an acre.

## Record Number Of Seniors Graduated In County-Friday

Palm Beach County's 15 senior high schools will this year graduate an estimated record 3170 seniors, it is announced by County Superintendent Robert W. Fulton. This compares with the 2983 graduated last year, and only 1067 graduated 10 years ago, June, 1958.

This 3170 total updates estimates issued earlier this month by county school officials.

All graduation ceremonies will take place Friday evening, June 7, except those for Boca Raton High School students where they will be held Saturday evening, June 8.

Graduation exercises will be held here at the Belle Glade and South Bay. Riders from all over South Florida will compete in the one-day event for the \$100 prize money. Riders here can accumulate points toward "Top Rider" award for the state given at the end of each year of racing.

The first of twelve races will begin at 1 p. m., and one of the races will be for beginners.

In 1882, Hamilton Dismont bought four million acres of the Florida Everglades for 25 cents an acre.
